Summary

Software Engineer with experience developing enterprise applications using Spring Boot and Angular at TCS. Skilled in REST API development, UI integration, debugging, code optimization, and scalable web application development. Experienced with React, Node.js, MongoDB, Docker, and AI-powered application development.

Education

Graphic Era Hill University, Dehradun, Uttarakhand

Bachelor of Engineering in Computer Science

September 2020 - 2024

CGPA: 7.96 (out of 10)

Experience

TCS

Nov 2024 - PRESENT

Systems Engineer

- Working as a Full Stack Developer at TCS using Spring Boot (Java) and Angular
- Delivered multiple business features and modules end-to-end while meeting project deadlines.
- Developed and integrated REST APIs, performed UI integration, bug fixing, and performance optimization.
- Collaborated with QA, Business Analysts, and DevOps teams to deliver production-ready solutions.

Projects

[AI Resume Analyzer](#) | *Python, FastAPI, OpenRouter, PyMuPDF, Railway*

June 2026

- Built AI-powered resume parsing and ATS analysis APIs using FastAPI.
- Extracted structured resume data from PDFs using PyMuPDF and LLM-based processing.
- Generated match scores, missing skills, keyword recommendations, and ATS suggestions.
- Deployed the application publicly using Railway and integrated GitHub-based workflow.

[Blogify](#) | *React, MongoDB, Node.js, Redux, Express.js, TailwindCSS*

March 2024

- Developed role-based access control system to manage user permissions and restrict access to certain features based on user roles.
- Utilized Redux for efficient state management, ensuring a centralized and predictable state container for the application.
- Created a personalized user dashboard displaying relevant information such as recent posts, total posts uploaded by the user, and comments on their posts.

Technical Skills

Languages: Java, JavaScript, Python, SQL, C++

Backend & Platforms: Spring Boot, Node.js, Express.js, REST APIs

Frontend: Angular, React, Tailwind CSS, Bootstrap

Databases: MongoDB, PostgreSQL

Tools: Git, GitHub, Docker, IntelliJ IDEA

Certification & Awards

2023 [Software Engineering Job Simulation](#) | JpMorgan Chase & Co.

2024 [Web Development and Designing Internship](#) | CodeClause.

2023 [Python Basics](#) | HackerRank.

2023 [The complete 2022 Web Bootcamp](#) | Udemy.
